

OUT OF IT

INTRO

Ha ha ha, ha ha ha...

VERS 1 + 2

(sopraner: uh..)

I'll never be the bravest of us
Crossing my fingers when ever I
cross
I wish I could love without having to
fear.
Baby's finger got a burn
Baby came to near
You'll never know all the trouble I've
got.
Still haven't slept and it's seven
o'clock.
Everything I have, I can lose it in this
fight.
Somebody gotta tell me that I'm
gonna be alright.

KVÆD

(alt: ha ha ha...)

Oh it's crazy
It's crazy up in here
I'm inside my head
How do I get out of it
Oh it's crazy
It's crazy up in here
I'm inside my head
How do I get out of it

C-STYKKE

And then he said honey
(And then he said honey)
And the he said honey
(you're on your own)
You're on your ooo own.

KVÆD

VERS 3 + 4

(sopraner: uh...)

Searching for sunlight. A winter
inside.
Thinking in circles I cannot abide.
Baby, make med warm. Thaw this
snow inside of me.
Overflowing in my eyes. Turn into a
sea.
I'll never know what I'm capable of,
if I don't go where I'm scared to be
lost.
Hope, I'll find my way when I'm
going through the night.
Somebody gotta tell me that I'm
gonna be alright.
